## **Profile of Royal Reesink**

Royal Reesink focuses on two segments: Reesink Equipment and Reesink Industries.

In Reesink Equipment, our businesses are involved in the distribution of leading brands and/or the delivery of strong concepts for agriculture and horticulture, landscape maintenance, material handling and civil engineering. The products are supplied either directly or through dealers to farmers, contractors, green area companies, golf courses, municipalities, government bodies, water boards, foresters and logistics customers operating in the food & agri, non-food, industrial, transfer (harbours) and civil engineering sectors.

In Reesink Industries, our businesses are involved as a distributor of (processed) steel, personal protection items and hydraulic components and systems. In this segment, we supply mainly steel manufacturers, building sites, installation production companies, technical wholesalers, the offshore and shipping industry, machinery manufacturers and the agricultural industry.
